

TUITION CREDIT REFERRAL PROGRAM

We all feel blessed our children can attend a school such as St. Mary's School. Increasing enrollment at our school not only allows us to reach our main goal in teaching more children Christian based values but, helps the school stay financially sound, allow for improvements and keep tuition costs down. Filling this school to capacity will benefit the students, parish, school, and community. Please help us grow by mentioning St. Mary's School to friends and family members.

Back by popular demand... For a limited time, you can again earn a \$500.00 Tuition Credit when you directly refer or put us in contact with a new family that enrolls their child in our school.

Our most likely source of new students is through referrals from our current happy families attending St. Mary's School. Details for the Tuition Credit Referral Program follow:

1. Keep our \$500.00 tuition credit for any referral that leads to enrollment.
 - A. The family that was referred must have actually enrolled for the 2008-2009 school year
 - B. The enrolling family must have paid their tuition or be on a payment program with Intuition.
 - C. Credit will be given to the referring family account when that families tuition has been paid in full.
 - D. Credit will be given as \$125.00 at the end of every quarter, if tuition is not paid in full at the beginning of the academic year.
 - E. Part of the referral credit can be given to the family you refer as incentive as well.
2. The referral can just be a contact name and we can do the work of getting in touch with the family. The intent is to obtain a contact base of the most likely candidates.
3. Credit will not be given to a family unless a referral form is on file with this families contact information is on it prior to enrollment.
